GIGANTIC TASK IS PRISCO'S HEALTH

Work of Perfecting Sanitary Conditions Has Swung.

Debris Being Boated to Sea and There Dumped As a Precaution.

BUSINESS MEN WANT A LOAN

San Francisco, April 27.—The gigantic task of placing this city in perfect sanitary condition is in full swing today. Every available barge is being secured and as fast as loaded is taken out to sea and dumped.

One of the greatest tasks yet to be performed in the section of the city which escaped the flames is that practically every house left standing lost all their chimneys necessitating order prohibiting fires until the chimneys are rebuilt.

Want Big Loan of Money.

San Francisco, April 27.—An appeal for a loan of many million dollars at 2 per cent will be made by the business men of what was once San Francisco. The loan is planned to run long period of years. Herbert Law, a wealthy Californian, is now on his way to Washington to see president relative to the matter.

More Places Hit.

San Francisco, April 27.—News has just been received here of the damage done by the earthquake of April 18, in the northern counties of the state.

In Lakeport, Lake county, a severe shock was felt at 5:40 a. m. on that date, which did considerable damage.

A large portion of the fire wall of the Lakeview hotel crashed through the porch and brick annex. The two-story brick wall of Masonic hall, in course of construction, was reduced to ruins. Several other brick blocks with cracked chimneys toppled over throughout the town and show windows of business houses for the full length of Main street were shattered. No one was injured. The loss to the Masonic hall is about \$4,000.

At Albion, Mendocino county, a heavy shock was felt at 5:26 a. m. on the morning of April 18. The Occidental hotel is a wreck. All the big sawmills in this section are badly damaged. They will have to shut down for some time. So far as can be learned there were no lives lost.

An Anderson, in Shasta county, the earthquake occurred at 5:30 a. m. Chimneys tumbled down and windows, dishes and furniture of houses were demolished. There are many wide fissures in the earth. Slides along the Southern Humboldt Lumber companies' railroad line took place. The damage to the Southern Humboldt Lumber companies will run into the thousands.

Damages in Santa Rosa.

Santa Rosa, Cal., April 27.—The latest figures show forty-one dead, sixty-three injured and seven missing. The entire business section of Santa Rosa and many residences were destroyed. Twenty fires started, but the water supply was unimpaired, and within three hours the flames were under control. Cut off by the disaster from communication with the rest of the world, Santa Rosa knew nothing of the destruction of San Francisco until the arrival from there of a trainload of 1,000 refugees begging for help that could not be given them. Nearby towns came to the rescue.

Many Lost Children and Babies.

Salmon, Ore., April 27.—Gov. Chamberlain sent the following telegram to Gov. Pardee:

"Many children and some babies are coming through here unidentified and unaccompanied by anyone, cared for only by strangers. Can they not be gathered together at Oakland and kept together for subsequent identification? As it is they will be for-

The Bridging of Island Creek For Street Cars is a Question.

Alderman Hank, chairman of the public improvement committee, will call a meeting of the joint public improvement the first of next week to take up the bridge proposition over Island Creek at Fourth street.

The committee will meet with Manager Bleeker, of the street car company, and go over some plans. Mr. Bleeker has and some the city engineer has.

The street car company has been petitioned to extend its tracks across the creek, and will do so in event a suitable bridge is erected at Fourth street. The city is proposing to build

ever lost to their parents."

60,000 Buildings Destroyed.

San Francisco, April 27.—A map just published here of the burned district shows an area covering 452 city blocks, 111 of which are south of Market street and 342 at the north end. It is estimated that the buildings destroyed will be in the neighborhood of 60,000.

Hurriedly Buried Bodies Removed.

San Francisco, April 27.—Coroner Walsh has had a gang of men at work removing the bodies which had been buried in front of the hall of justice in Portsmouth square on the first day of the fire. Thirty bodies have been taken out and transferred to Laurel Hill cemetery or given to the undertakers upon request of relatives. The coroner and his assistants went to Washington square and finished their task of removing the bodies that had received temporary burial during the fire. With the completion of this work another danger to health has been done away with.

Rain to Add to Misery of People.

San Francisco, April 27.—A rain amounting to almost a cloudburst fell this morning, flooding the tents and rendering miserable those encamped in the parks. Fifty thousand people are crowded in Golden Gate park today, but none suffering outside exposure.

Will Take \$800,000.

Washington, April 27.—The total amount necessary to restore the public buildings in California destroyed by fire and earthquake is placed at \$800,000 by Supervising Architect Taylor, of the treasury.

CYCLONE AND FIRE

DESTROY THE TOWN OF BELLEVILLE, IN TEXAS.

Section of Twelve Miles Swept by the Twister and Other Damages Likely.

Fort Worth, Tex., April 27.—Meagre advices received here state that the town of Belleville was totally destroyed by a cyclone, 12 or 15 people killed, many injured and missing. Fire is destroying the ruins caused by the tornado.

The town consisted of over 200 houses and some substantial industries, and only three structures are standing.

The cyclone was a mile wide and traveled over the earth for a distance of eight miles, leveling everything in its path, ruining crops and destroying all farm houses and barns on the way. This section is thickly settled and it will be tomorrow before there are complete reports of the dead.

The fact that so few people were killed is accounted for by the fact that practically every house was equipped with a storm cellar and the people ran to them as soon as they saw the cyclone approaching. Those who had no storm cellars or who could not reach them were the ones who suffered. This section is subject to severe storms and last winter many lives were lost in the same neighborhood by a cyclone.

Grows Worse.

Fort Worth, Tex., April 27.—Fourteen white people dead and three negroes burned beyond recognition is the result of the cyclone which struck Belleville last evening. Only four houses were left in the town. The people were left without the necessities of life. A relief train was sent from here today. Other damage includes many farms devastated and crops destroyed.

SCANDAL IN RUSSIA.

Over Premature Publication of Draft of New Constitution.

St. Petersburg, April 27.—A great scandal has been caused by the premature publication of the draft of the new "fundamental" or "constitution" of Russia. The emperor has ordered an investigation to determine how the news leaked out.

one, and the company will bear part of the expense, but from information obtained today, the probabilities are that it will not be erected.

A member of the improvement committee said today that from what he had gleaned in conversation with the street car company officials the committee and the company would probably disagree on the amount of the expense the company should bear.

However, this is a detail that has not been thoroughly gone into yet, and will come up at the meeting next week.

WISCONSIN TOWN IS CAVING IN

Acre of Ground Falls in With Earthquake Effect.

Chicago's Costly City Hall Is About to Collapse and Is Being Vacated.

LOCOMOTIVE EXPLODES, ETC.

Quinnesee, Wis., April 27.—This city had an earthquake yesterday. Over an acre of ground suddenly went down with a loud roar and with it went a number of buildings. The ground fell a hundred feet. The water system is out of commission for good. Fears are that many other parts of the town will fall in.

Chicago's City Hall Collapsing.

Chicago, Ill., April 27.—Chicago's five million dollar city hall is badly wrecked and in danger of collapsing as a result of excavating the site for a new county building adjoining. Every room on one side has sustained cracks extending from the ceiling to the floor. Long gaping fissures appear across the halls from roof to basement. It is feared the building will go all to pieces and it is being deserted.

Locomotive Blows Up.

Harrisburg, Pa., April 27.—Early this morning a Pennsylvania railway locomotive blew up near here killing Engineer Good and fatally injuring fireman and brakeman. The engineer's body was found submerged in the Susquehanna river nearby. It is believed the locomotive struck a piece of dynamite accidentally dropped on the track from a freight train.

Burglars Blow a Safe.

Wapakoneta, O., April 27.—The Hollow-Ware company store was broken into last night by three robbers who blew the safe and secured a small amount of money. The night watchman was bound hand and foot and gagged, then placed in a box car. He was discovered this morning in the condition stated.

FRANKLIN STATUE UNVEILED.

Gift to Paris Made Occasion of Interesting Event Today.

Paris, April 27.—The statue of Benjamin Franklin, which was presented to the city by John H. Hargess, and which stands on the site where Franklin lived, was unveiled today. A brilliant throng of representative Americans and Frenchmen was present at the ceremonies. U. S. Minister McCormack delivered a long address in which he traced Franklin's remarkable career. Prof. Smith, a special representative of the United States, followed McCormack. President Chautard, of the city legislature, accepted the statue in behalf of Paris and France.

German Soldiers in Pitted Battle.

Chicago Safe Dynamited.
Chicago, April 27.—Five men at daylight this morning dynamited a safe in the rooms of the Eastside Auction company, belonging to Alderman Conlon, and escaped with \$1,500. Four men have been arrested as suspects.

WANT INSURANCE CHARGES QUASHED

Counsel for Indicted Mutual Reserve Officials File Motions.

New York, April 27.—Portions of the testimony given before the grand jury which indicted three officers of the Mutual Reserve Life Insurance company recently for grand larceny and forgery, were made public yesterday by their counsel during argument on a motion to quash the indictments. The officers indicted are Frederick A. Burnham, president of the company; George D. Eldridge, first vice president, and George Burnham, Jr., second vice president. Counsel said that J. Douglass Welles, a former employee of the company, had been allowed to testify before the grand jury; that upon his return from Europe, President Burnham had told him that while Welles was away Burnham had been compelled to pay the superintendent of insurance \$10,000 for a favorable report of the company's affairs.

Counsel objected to this testimony having been allowed.

IMPORTANT RULE BY JUDGE EVANS

Grows out of Suit vs Officers Terrell and Hurley.

Bondsman Not Responsible for Their Acts Though They Can Be Held Themselves.

GROUNDS OF SUIT RECALLED

Federal Judge Walter Evans, of Louisville, has decided that the Title Guaranty and Trust Co. can not be held responsible for the acts of Officers Thad Terrell and Aaron Hurley, as set up in the petitions filed by Attorney J. M. Worren against the officers for Will Foster and Minnie Tice, colored, but holds that the officers personally can be held. This decision was handed down this morning by the judge and will create a great deal of interest in local legal circles.

The matter developed in the cases of Minnie Tice against Officer Aaron Hurley and his bond, the Title Guaranty and Trust Co., two suits, and William Foster against Officer Thad Terrell and the same bond. In the former cases the plaintiff sued Hurley for the death of her husband, who was killed in a flag house at Eleventh and Broadway on Christmas day, while resisting arrest. Ten thousand dollars is asked for. She asks in the second action \$5,000 damages for false arrest and detention in the police station.

Foster sues Terrell and bond for \$5,000 damages by alleged assault and false arrest. He was arrested as a precaution against a riot, negroes having seemed inclined at the time to excite an uprising.

Attorneys for the defense filed a demurrer during the April term of federal court, and argued it. The matter was taken under advisement and the decision handed down this morning.

Judge Evans holds that in his court the bond company can not be made liable for the acts of the men in this instance, but overrules the demurrer as to the policemen.

This means that the suit may be prosecuted further against the officers, but that the bond can not be liable—that the plaintiffs can make nothing off the bond company.

Overruled Demurrer.

In the case of F. G. Rudolph, guardian for Lone Rose, daughter of the late H. A. Rose, against the Interstate Life Assurance Association, Judge Evans overruled the demurrer to the petition. The case may now be prosecuted further.

WALLACE'S NEW JOB.

He Will Head An Electrical Securities Corporation.

New York, April 27.—John F. Wallace, former chief engineer of the Panama canal, whose affiliation with the Westernhouse interests was announced some months ago, has been chosen to head a new electric securities corporation soon to be organized. The new corporation will take over all the stock of the Westinghouse, Church, Kerr & Co., besides conducting a general engineering and construction business, though that concern will operate as a holding company for the securities of electrical enterprises.

The organizers of the new corporation refuse to make public as yet the details of their plan. It is known that Kean, Vancourtlandt & Co., represent a large interest in its financial backing and according to a statement given out at the office of Guthrie, Cravath & Henderson yesterday the Westinghouse interests will not retain a majority of the stock.

SOLDIERS SHOOT DYING CHOU

Three Severed Fingers Were Found in His Pockets.

Gov. Pardee Resents Rumored Charges Against Militia and Defends the Men.

INTERESTING AFTERMATH

Denver, Col., April 27.—Charles Smith, who was employed in the circulation department of the San Francisco Chronicle, and who is here en route to Pittsburgh, Pa., told this story to a local paper:

"I was in the Mechanic's pavilion when that place was used as a hospital. The doctors were to operate on a well dressed man who lay unconscious from the anæsthetic. He was injured in the groin. In pulling off his coat three fingers of a woman with valuable rings on them. They gave him time to revive and called two soldiers. The latter took him out stood him against the wall of the building and shot him like you would a rabbit."

C. L. Gooding, of Norfolk, Va., said he saw a grocer and his wife shot by regular soldiers because they charged a dollar a loaf for bread.

Pardee Defends Militia.

San Francisco, April 27.—Governor Pardee visited the city last evening when he attended a conference between General Greeley Mayor Schmitz, Dr. Devine, of the Red Cross, and members of the citizens' committee. Pardee today brought up the question of the request from mayor and the committee for the withdrawal of the National guard. The governor spoke highly of the National guard, and referred to the splendid service its members had done in the war with Spain. He stated that he considered the request as a reflection upon a well organized and highly efficient body of men. The governor was very indignant over the attitude taken against the guard and the charges preferred against them.

Mayor Schmitz replied that he and his committee had not made any charges against the guard. On the contrary he had thanked the governor for their services. If charges had been made they were made by outside people. The object of the request for the withdrawal was to concentrate the control of the city in the hands of federal troops and prevent any misunderstanding and conflict of orders.

Major General Greeley stated that as far as he knew there was no conflict of authority and that as the United States army officer he could not assume charge of the state militia. The mayor was at the head of the city and every request made by him would be followed and he would continue to recognize the authority of the mayor in giving directions for the safety of the people. Civil authority was superior to the military and the mayor is the only head he will recognize. The state troops have not yet been withdrawn and the meeting adjourned without announcement that they would be.

Consolidating the Contributions.

San Francisco, April 27.—Chairman Phelan, of the finance committee, said yesterday that the plan for handing out relief funds as outlined in President Roosevelt's proclamation was perfectly safe and satisfactory to the committee. He stated that efforts were being made to centralize the control of the fund in the hands of one body. Governor Pardee turned over to him control of such contributions as had been sent to the governor and General Funston also formally surrendered \$35,000 remaining unused of the \$50,000 contributed by the Guggenheim interests. This fund was wired directly to Funston with directions to use it according to his own judgment, and the general explained to the committee the manner in which he used it. These expenditures were approved by the committee. Thus the control of the entire relief fund is now in the hands of the finance committee of relief and Red Cross funds. General Greeley announced at noon today that the army had taken over full and absolute control of relief stations for distribution of food.

DEATH SENTENCE.

Hackensack, N. J., April 27.—For the third time the death sentence was passed today upon Mrs. Anna Valentina, convicted of the murder of Rosa Salza. Mrs. Valentina was saved from execution on her two previous sentences through the agency of petitions and by efforts of the Italian government, which resulted finally in carrying her case to the supreme court of the United States. This court decided against her.

BROTHER KILLED AND OTHER IS NOW INSANE

First Slipped Cartridge Into a Pistol and Other Snaps Weapon At Him.

Mammoth Springs, Ark., April 27.—Albert Cybert was shot and almost instantly killed on a farm near here by his brother, Pierce, with what was supposed by the latter to be an empty pistol.

The two young men had been shooting at a target, and Pierce went into the house and laid the empty revolver on a table. Albert, unknown to anyone else, slipped one cartridge into the pistol, intending to astonish his brother by firing a pistol the latter had thought to be empty.

A few moments later Pierce came in, picked up the pistol, and said, laughing, "I am going to kill you." He pulled the trigger instantly, and a bullet pierced Albert's forehead who fell exclaiming: "It was all my fault, brother!" He died a few minutes later. Pierce Cybert is now violently insane.

RESIDENCE BURNED.

Mrs. Owens Removed From Sick Bed to Safety.

Murray, Ky., April 27.—The dwelling house of Ed Owens, of the late mercantile firm of Owens & Wilkinson, together with contents, was destroyed yesterday.

Mrs. Owens was sick in bed at the time and was carried from the burning building just in time to be saved. Many valuable notes and accounts were lost. The insurance was very light.

EUROPEAN ECHOES

ENGLAND IS DISTURBED OVER REPORTS FROM AFRICA.

Marquis Detova to Take Important French Letters to the Pope of Rome.

London, April 27.—Considerable uneasiness is felt in government circles over the situation in Southern and Southeastern Africa. The calling out of more reserves for duty in Zululand is followed by reports from Swaziland that there is much disorder there. American missionaries are blamed for the disorder. It is said they have been preaching race equality.

Taking Letters to the Pope.
Madrid, April 27.—Marquis Detova, the Spanish minister to France, arrived here today and will visit Pope Pius, of Rome, to deliver letters of importance to his holiness. The letters are believed to be from the French government and of a very significant character.

Father Gapon Living.

London, April 27.—The Mail's St. Petersburg correspondent says Father Gapon is living quietly at Kukokola, Finland.

King to Meet.

London, April 27.—King Edward, Emperor Nicholas and Emperor William will meet at Darmstadt, capital of the Grand Duchy of Hesse, during the first week in September, according to the Pall Mall Gazette, which adds that the Russian emperor and empress will leave Russia at the end of August for a long visit to the grand duke of Hesse.

Aged Woman Is Dead.

Fulton, Ky., April 27.—Mrs. J. Linden, aged 75, is dead at her home near Moscow, Ky., after a brief illness of pneumonia. Mrs. Linden had been a resident of Moscow for the past 30 years. Her husband, who died recently, was for many years in the milling business.

Must Pay Damages.

Laporte, Ind., April 27.—The jury in the superior court decides that the Chicago Junction Railway company must pay Mrs. Lillie Freitag, of Chicago, \$25,000 for the loss of both legs in an accident on December 27, 1904 in the Union Stock yards.

Suit For Heavy Damages Filed in U. S. Court Here.

Attorneys Taylor and Lucas, of the city, W. S. Foy, of Mayfield, and Piliow and Smith of Marion, Ill., have prepared a suit to be filed in the local federal district court for Will Stephens, of Mayfield against the Williamson County Savings bank and W. S. Burkhardt, cashier of the bank, of Marion, Ill., for \$15,000, for false arrest and imprisonment.

Stephens was partner with John Curl of Mayfield, and had the contract to do some plastering work at

MONSTER SHIPS TO BE LAUNCHED

They are Queens of all Craft And are Cunards.

Exceed the Great Eastern and Will Accommodate Three Thousand Cabin Passengers.

THE TONNAGE AND DIMENSIONS.

London, April 27.—The two new Cunard steamship liners the largest vessels the world has ever seen, are nearing completion and will be launched—one in June and the other in July. The vessels will be named Mauritania and Lusitania. Each vessel will have a gross tonnage of 33,200, while they are sixty feet longer than any other afloat.

They are 88 feet in beam, and in this respect are the first vessels to surpass the famous Great Eastern, which was 83 feet in breadth. The new vessels will each have accommodations for 3,000 passengers and will carry a crew of 800. They will be propelled by turbine engines capable of developing 80,000 horse power and are expected to travel at a minimum speed of twenty-four knots an hour.

They will be fitted in a manner equal to the most gorgeous modern hotels. The decorations will consist of reproductions of the greatest works of art, while a system of elevators between decks will provide for the transit of passengers from one part of the ship to another. The first-class dining room saloon will be 125 feet long and 80 feet wide, and will accommodate 500 persons at one meal. The dining room will be lighted by a great dome extending up through the two decks above, and will be crowned with a roof of cathedral glass.

Engineering records have been broken in the construction of these vessels. The stern frames and brackets are the largest ever known, the former alone weighing forty-seven tons and requiring no fewer than sixty-nine tons of molten metal in the making. The rudder weighs seventy tons, and each link in the 2,000 feet of cables is nearly two feet in length and weighs 160 pounds. Each link was tested and withstood a strain of 370 tons.

WILL GIVE PRINCE ARTHUR A ROYAL WELCOME.

Nova Scotians to Put Big Pot in Little One for Titled Englishman.

Halifax, N. S., April 27.—Elaborate preparations have been completed for the entertainment of Prince Arthur, of Comaught, who is expected today. Friday night he will attend a state dinner at the government house. The official dinner and reception, given by Sir Charles Parsons, commander of the troops in this vicinity, will take place in the evening.

Prince Arthur is expected to leave Tuesday night for St. John, going thence to Quebec and Montreal, and will probably sail for England on May 15th.

Berlin Takes Action.

Berlin, April 27.—At a meeting of the city council tonight President Langerhans referred feelingly to the disaster at San Francisco and in the vicinity of Vesuvius. He said that although President Roosevelt had declared the United States was not in need of foreign assistance, and notwithstanding the munificent amount already collected for the relief of the sufferers in California, it was Berlin's duty to contribute. He moved that the mayor express to Ambassador Tower, Berlin's deepest sympathy and inform him that we have a right and duty to assist.

The council agreed to the resolution.

Liberal Donation.

Quincy, Ill., April 27.—The stove manufacturers of Quincy have sent a carload of stoves to San Francisco for the sufferers. Each one of the 675 stoves was supplied with the necessary attachments.

Your Opportunity to Get a GAS STOVE FREE

At 312 Broadway

BEGINNING Monday, April 30th, and continuing for one week, we will give cooking demonstrations on the gas stove. An expert chef will be in attendance. Wives bring your husbands. All will receive a ticket good for one chance in the drawing contests. There will be good things to eat and good things to drink.

THE PADUCAH LIGHT AND POWER CO.

WANT INDIANS

EVANSVILLE MAKES APPLICATION FOR SEVERAL OF THEM.

The Alton, Ill., Club Comes Tomorrow for Some Games—General Ball Matters.

Well, maybe Evansville fans will believe that the "umps" gave two of the three games to Paducah in the Paducah-Evansville series, but "way down in their hearts" it is a different story.

The Evansville management wants some of the Paducah players, and wants them badly; in fact the management would like the whole team. An offer was made for Bert Haas, Lloyd to name his own price. McClain was also inquired about, and if South and Perry could be turned loose the Evansville management would like to start negotiations for them, too.

It's a sad story. The Irish-Germans claim that the Indians took the games, with the assistance of the umpire, but why do they want the Indians so badly. It is because of their persuasive powers over the "umps?" It does not look that way to the Indians.

The Next Victims.

The Alton, Ill., team will arrive Saturday morning. By that time Catcher Nippert and a new pitcher will be here. The team will be well lined up and also—all the soreness gone—and the fans will be able Saturday and Sunday to judge the bunch Lloyd has gotten together.

L. A. L. Lineup.

The L. A. L. team, reorganized by Virge Berry, of the I. C. shops, will play its initial game at Princeton Sunday and the following is the lineup of the team: Bob Hayes, c; Loton Plumlee, p; Charlie Sands, lb; Frank Dargel, 2b; R. Robertson, ss; John Jones, 3b; L. Williams, rf; George Ripley, lf; and Lon Davis, cf.

Hurt By a Ball.

Eddie Gilligan was struck in the face, left cheek, by a ball yesterday, and some little skin taken off. The ball bounded bad for him. Perry's wing is something fierce this season. He threw a ball clean through Gilligan's hands, and it struck the baseman in the head but fortunately did not hurt him seriously.

With the "Kids."

A light game of ball was played between the "Pearls" and "Kids" at Sixth and Husbands streets yesterday evening. The line-up was as follows:

"Kids"—H. St. John, c; P. Gallagher, p; C. Enders, lb; Lionel Levy, 2b; C. Kerth, 3b; H. Barry, ss; Roy Howisher, lf; U. Griffin, cf; W. Shepard, rf. "Pearls"—R. Moore, c; J. Smith, p; L. O'Brien, lb; Geo. Katterjohn, 2b; A. Moore, 3b; B. Mercer, ss; G. Shelton, lf; D. Carroll, cf; Smith, rf. Umpire "Col." Mitchell. The Kids won by a score of 7 to 6.

Just a Protest.

"Ryan stated Tuesday it was impossible for his team to defeat the Paducah club and a drunken umpire, too. 'We had both the games we lost won easily,' said he, 'but we had to stand for some of the rankest decisions I ever saw. At the close of the first game I was almost persuaded to bring the team home and go to Vincennes for two games. I wish now that I had, for the umpiring was so very poor it hurt the attendance and the trip was not a profitable one from a financial end.'—Evansville Courier.

"We don't believe a word of it. Don't know, neither do we care who umpired the games, but we have known Harry Lloyd a great many years, and although we have had our differences which will exist as long as Cairo and Paducah are in the base ball arena, we can state that he is on the square and would not take anything that he was not legally entitled to. If the man who umpired the Paducah-Evansville games had given the latter one bit the worst of it, Harry Lloyd would have been the first to yell 'cut it out.' Jimmy Ryan must be in his second childhood. Back to the tallest uncut he can find in Vanderburg county."—Cairo Bulletin.

So it seems that the bone of contention is whether Griffin was sober or not. Well, his capacity is not known to the writer, but it is a well known fact that had Griffin been really intoxicated, and Ryan or any of his bunch had offered any remuneration such as we did see them offer, with direct insults, to boot, it would not have been a matter of playing ball with the Irish-Germans, but they would have had to do something else—fight or run.

CENSUS TAKERS' WORK.

Will Show No Increase Over Last Year When Completed.

The school census enumerators have about completed taking their work for this year. They will have their reports ready for the school board meeting next Tuesday night.

The census will show, probably, no increase over last year, the enumerators having found a number of cases in which there is evidence of padding. In the Third and Fourth wards the decrease over last year will be 52 and in the First and Second wards there will be an increase of 60.

The school board will hold its regular meeting Tuesday night, but there is nothing to come up aside from the routine business.

Greek Met Turk in Battle.

Salonica, European Turkey, April 27.—A band of 60 Greeks, several wearing the uniforms of officers of the Greek army, were attacked by Turkish troops near Karaferia, on the road between Salonica and Monastir yesterday evening. The fight lasted until today when the Greeks retreated, leaving 13 dead on the field. Three Turks were killed and five wounded.

\$500,000 IS THE SUM WHICH WILL BE RAISED

To Put the Old Lincoln Farm in Condition for Public Park.

Louisville, April 21.—Robert Collier and Clarence H. McKay, of New York, returned to Louisville from Hodgenville, where they went to make a personal investigation of the old Lincoln homestead farm, which is to be turned into a national park through the efforts of the Lincoln Park Association, organized by Collier's Weekly. The two representatives of the association were accompanied by a well-known landscape gardener of the East, who went to make suggestions as to what shall be done with the farm where Abraham Lincoln was born.

Collier's Weekly, of New York, conceived the plan of taking practical steps to save the Lincoln birthplace from the vandal and the speculator, and bought the property a year ago. Later they organized an association calling for subscriptions of from 25 cents to \$25 each and realized a sum which Mr. Collier said yesterday would meet any requirement. The cost calculated on is about \$500,000.

Mr. Collier returned to New York last night and Mr. McKay will leave today. Both expect to return within a short time to start actual work.

THE RESCUE MISSION.

Rev. Chiles and Associates May Be Able to Buy Property.

Rev. R. W. Chiles, of the Rescue Mission—interdenominational—and those who are assisting him in the canvass to secure the money, \$4,000, to purchase the building on South Third street where the mission now is, have been very successful. Subscriptions to the amount of \$2,000 have been secured, and the committee is very sanguine of raising the balance very soon. Payments can be made in notes, after \$1,000 cash is paid, but it is desired to purchase the property outright, if possible.

The building and site is well suited for the purpose, and the heirs of the late George Rock, who own it, have made a liberal offer in order to enable the mission to secure it.

Malaria Makes Pale Blood.

The Old Standard Grove's Tasteless Chill Tonic drives out malaria and builds up the system. Sold by all dealers for 27 years. Price 50 cents.

The Hospital

Thankful are They
Who Escape The
Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

Mrs. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

ILLINOIS LODGES

MAY SECEDE

Mad Over Refusal of Paducah Brethren to Defer Meet.

Correspondence Made Public Which Explains Their State of Mind and Intention.

LINK PULLED FROM THE THREE

The action taken by the Paducah officers of the Interstate Association, I. O. O. F., in refusing to postpone the twentieth anniversary of the interstate association, the 87th anniversary of the order of Odd Fellows, has caused the Carbondale lodge to withdraw, and an effort is being made to organize an association in Southern Illinois, leaving Paducah and West Kentucky out of the organization.

The following official communication was printed in the Cairo Bulletin this morning:

Carbondale, Ill., April 24, 1906.
To the Odd Fellows and Rebekahs of Southern Illinois:

Brothers and Sisters:—At a regular meeting of Carbondale Lodge No. 233, I. O. O. F., held last night the following resolution was unanimously adopted:

"Resolved, That Carbondale lodge No. 233, I. O. O. F., does hereby withdraw from the Interstate Odd Fellows' Association and that the secretary of this lodge be, and is hereby authorized and instructed to prepare, a circular letter to all Odd Fellows and Rebekah lodges in Southern Illinois apprising them of our action, and inviting said lodges to visit Carbondale on May 10th for the purpose of holding a celebration and that all lodges be invited to send representatives to Carbondale on above date for the purpose of organizing an association to be known as the Southern Illinois Odd Fellows' Anniversary Association.

"Resolved, That this invitation be extended to all Odd Fellow and Rebekah lodges south of the latitude of East St. Louis, and that each lodge shall be entitled to one delegate for each twenty-five members in good standing, or fraction thereof."

In accordance with said resolution I hereby extend to your lodges a cordial invitation to come to Carbondale on May 10th, at which time we will celebrate with suitable program, etc. Come, as many of you as can possibly do so, and let us organize an association of lodges within Southern Illinois and select a place to meet next year.

We are pretty sure the railroad company will furnish rates if asked to do so, and I would suggest that your secretary take the matter of rates up with the railroad agent at once and see what they will do.

Again, on behalf of our local lodge and the citizens of Carbondale, I extend to you, one and all, a cordial invitation to be with us on May 10th.

Fraternally yours,
J. W. STAFFORD,
Secretary Carbondale Lodge No. 233.
The Paducah lodgesmen claim that the attempt to postpone the meeting after all arrangements had been made was due to a combination of persons interested in the Paducah Carnival Association and incidental.

A LITTLE COMMON SENSE

Spring Is Here With the Usual Epidemic of Disease—The Cause Is the Usual Lack of Judgment and Carelessness—The Need Is For Common Sense.

Every year it's the same old story. The breaking up of winter brings damp and changeable weather and with it comes an epidemic of rheumatism and neuralgia, and a host of diseases. And it is all blamed on the weather.

What nonsense. Wet weather nor exposure never hurt a healthy man. Only when the system is full of the cause of the disease does bad weather bring on illness. The reason isn't hard to find. All winter long impurities accumulate in the system and of course bad weather brings on disease.

The most poisonous of the winter's impurities is uric acid, the cause of nine-tenths of all disease. Any physician will tell you that rheumatism, lumbago and neuralgia are caused by uric acid in the joints and muscles; that uric acid in the stomach and kidneys causes these organs, that in the heart it causes heart trouble.

To get rid of uric acid that is the problem. A preparation of roots and herbs called LIFE PLANT is a solvent for uric acid and cures all uric acid diseases.

LIFE PLANT cleans out the whole system, drives out the cause of disease, strengthens every organ of the body, purifies the blood and brings good health.

If your good judgment tells you that the best way to cure disease is to clean your system, then listen to common sense, take LIFE PLANT. Clean up, clean out, keep clean. Get a bottle of LIFE PLANT from your druggist, and write to the LIFE PLANT COMPANY, Canton, Ohio, for free medical advice and free booklet on good health. Do it now.

OVERALLS

WHEN you need overalls you can find your favorite kind here. These are the kinds we handle: Sweet Orr, Fink, Cohn and Globe. A full line of styles and sizes always in stock. We can guarantee our overalls, for we know whereof we speak on this line.

THIS shows just how the new double-breasted coat looks. Long and graceful, slightly form fitting; latest shades and best workmanship.

\$7.50 to \$22.50

YOU are most cordially invited to inspect Henry J. Brock & Co.'s Union Made Clothing, of which we have exclusive control in Paducah. It has all the good qualities of style and workmanship to be found in clothing made by union men in a shop which is UNION through and through. The newest fabrics and colorings, gun metal, grays, fancy worsteds, blue serges, black tibets and granites—both single and double breasted.

From \$7.50 to \$22.50

WORK SHIRTS

AS real genuine wear-resisters our work shirts cannot be beaten anywhere. The next time you need a black satine, outing or any other kind of work shirt, get it at Weille's. It will be the best one you ever had. Our guarantee is sufficient in this line, too.

THIS is a picture of the single-breasted coat which is so popular this spring. A great favorite with the young fellows. Popular shades.

\$7.50 to \$22.50

THE SEWERAGE EXTENSION.

Work of Making the Survey and Plans, Is Under Way.

C. Burdick, of Chicago, representing J. W. Alvord, the sanitary sewerage expert, is in the city making plans for the extension of sanitary sewers in the West End, and also mapping out plans for extending the sewers to the North Side beyond Trimble street, from the river to the city limits.

He will push the work as rapidly as possible and expects to get through in a few months. He has to make all surveys and figure out the grades, and draw the maps, profiles, etc. The contract was let to Mr. Alvord several weeks ago but just ratified by the municipal board.

Plague Among India Troops.

La Hore, India, April 27.—Advices from Kashmir state that the bubonic plague has attacked the imperial troops and state troops of the Palace household. The number of deaths the past week was 245.

A man would bore even himself to death if he kept on being as wise as he was at 19.

INSURANCE COMPANIES IN QUICK PAYMENT EFFORTS

(From Chicago Record-Herald.)

The San Francisco conflagration precipitated an unparalleled crisis upon the fire insurance companies of the country, and they are meeting it with wonderful courage and self-sacrifice. Succeeding several months of unusually heavy losses, it presented a sight that upon them for more than \$100,000,000. The response was prompt—indeed, in some instances heroic. The companies will meet their obligations in full, even though this, in some cases, will drain resources that have been built up in scores of years, and in others will wipe out all accumulations, and force the stockholders to assess themselves, often to the full amount of their holdings. It means sacrifice and self-denial in hundreds of cases, and perhaps the mortgaging of homes to meet these unexpected demands. But they are being met with courage and fidelity. Men give \$100,000 to the relief fund, and are applauded. A hundred stockholders of fire insurance companies will lose \$100,000 each because of the calamity and to relieve its suffering and replace its loss, and will never be heard of.

Never before were the companies called upon to pay so enormous an amount in so short a time, but they have risen to the emergency. They are no longer mere financial machines, collecting premiums from the many to pay the losses of the few. They are actually striving to relieve distress as rapidly as possible at great cost to themselves. Under their contracts they have sixty days in which to settle, but every company covets the honor of paying the first claim, and they are racing their men and money across the continent. The insurance companies will be called upon to pay \$100,000,000 at least. They will pay it promptly, but to many of them it means practical ruin. It means the exhaustion of surplus here, the wiping out of assets there, and enforced assessments upon thousands of stockholders to meet the claims. But hundreds of millions of property values in San Francisco are involved, and the insurance companies are all that stand between the people and irretrievable ruin. And so they stand, and pay, and say nothing about what it costs them.

Insurance companies are in the business to pay losses, and they do their work without complaining or

making much fuss about it. This loss is a record-breaker for them, but most of them are treating it as all in the day's work. Those that have the money are already on the ground with drafts to pay claims as soon as they can be adjusted. Those that have not the money in their treasuries are getting it. Scores of informal meetings have already been held at which it has been agreed that an assessment will be paid for whatever amount may be needed to meet the San Francisco claims.

The San Francisco company that was hardest hit broke four days of enforced silence yesterday with the cheering word that its flag was still flying and nailed to the mast, and that all losses would be paid in full. These losses are certain to be far more than its surplus, and may even exhaust its assets, but whatever they are these Californians stand ready to meet them. They assessed themselves in 1871 to pay Chicago losses, and found it the making of their young company, and it will pay them even better today, for the whole world will understand and applaud.

From abroad will come millions, nearly all the over-sea companies cabling that all losses may be paid by draft on the home offices in order to leave the United States funds intact. American companies are arranging to dispose of their securities, assess their stockholders and vie in promptness and liberality of payment.

NEW MANAGER HERE.

Paul Dysart Comes to Take Charge of the Copperage Co. Plant.

Mr. Paul L. Dysart, of Chicago, arrived last night to accept the management of the Paducah Copperage Co., and is today installed in that capacity.

Mr. Dysart succeeds Mr. J. L. Kilgore, who has disposed of his interests in the company to V. J. Blow, of Louisville, and J. D. Hollingshead, of Chicago.

Daily Thought.

"Spiritually and ethically we must strive to bring about clean living and right thinking."

Teach the children civic pride and patriotism, that is the way to have Paducah in the future, a "City Beautiful." Many here do not realize what "a little child" may do in such matters. A gentleman recently returned from a western trip, and used to the way we do things here, said he was, perhaps, more impressed by seeing the children stoop and pick up paper and trash from the streets, instead of throwing such things on the ground, than anything else of the wonders he saw. Let this education begin in Paducah at once. The older ones need it as much as the children, and more perhaps, but then they are "set in their ways" by now, and the children are more easily impressed and they are the citizens of the future.

The people of San Francisco are settling down to a full realization of their condition and clearly mean to come from under their affliction if it be possible. But it will take much help from the outside world to do this and among other efforts along this line is to be a loan from the government, if such a thing be feasible. The financiers of the country have a big job on their hands, it is clear. The Golden Gate City must have long time in which to come again to the surface or many cases of bankruptcy will follow to add to the sorrows of the late almost destruction of the Slope metropolis.

Much of destroyed San Francisco was built upon made ground and much more upon covered over sand dunes and much more upon ground where formerly the waters of the bay washed for many years ere man concluded to crowd them away. New San Francisco must remember these old conditions and build more wisely—not upon the Bible enjoined sands. There are enough rocks right at the very doors of the city that the reconstructed town may have a foundation that few rains and winds and even earthquakes can dislodge.

Prof. Matteucci, the observer on Mount Vesuvius, and who stood his ground all during the last eruption of the volcano, has since its subsidence gone to the brink of the crater and peeped into the abyss, hearing the lion in his very lair. Matteucci has sent out an account of his observation and speaks therein of the "great grandeur of the spectacle" as something to behold, but his most pleasing mention to the people is his opinion that Vesuvius has blown out and may never be heard of again.

The telegraph columns of The Sun today tell of several minor horrors and similar incidents. A cyclone and fire is reported from a town in Texas and from a town in Wisconsin comes the more startling announcement that the place is sinking into the sea and an area has already fallen beneath of one hundred feet. "The world coming to?" is a query which does not seem

so out of place just here.

Senator Tillman has a right to aspire to the presidency, as has any other man, but in this instance, most fortunately, the people are the choosers. Mr. Tillman as senator is bad enough, but as president—well let even the ridiculous thought perish.

Many of the lawns of the city are being beautified. There is a growing rivalry in this work which is commendable. The Sun takes to itself some credit for this condition of things. Let the feeling spread.

RIVER NEWS

River Stages.

Calro	33.7	1.3	fall
Chattanooga	5.2	0.2	fall
Cincinnati	17.9	1.1	fall
Evansville	17.5	1.0	fall
Florence	4.0	0.2	fall
Johnsonville	6.9	0.7	fall
Louisville	6.9	0.4	fall
Mt. Carmel	6.5	1.0	fall
Nashville	9.9	0.3	fall
Pittsburg	12.4	7.9	rise
Davis Island Dam	12.2	5.4	rise
St. Louis	21.7	0.3	fall
Mt. Vernon	17.0	2.1	fall
Paducah	21.6	1.4	fall

The river fell .4 last night, the gauge today registering 21.6. The day has been bright, but business at the wharf was dull.

Joe Fowler in from Evansville. The Dick Fowler took her Cairo excursion party back last night at midnight and was late in getting in today on the return. She left for her usual run, and will be on time again tomorrow morning.

The Charlotte Boeckeler came up from Hickman last night. She is here for repairs, the Fowler-Wolfe company having a contract to repair her boilers and put in new steam drums and mud drums.

The Kentucky came in out of the Tennessee river last night with a big trip. She discharged her Paducah freight last night and went down to Jopka and Brookport with some freight for those points today. She will leave on the return trip tomorrow afternoon at 6 o'clock.

The W. W. O'Neill passed up this morning with a tow of sixty-two empties. This is the largest tow of empties that ever went up the river. The O'Neill belongs to the Pittsburg Coal company.

The Georgia Lee is due down from Cincinnati for Memphis tomorrow. The Peters Lee passed up last night. The Lee line will resume its regular trips from now on, having a boat up every Thursday and one down every Saturday.

The City of Wheeling, which has been here for four weeks undergoing repairs on the ways, was let into the river yesterday. She will be taken to Memphis Monday to resume her usual trade.

The St. Louis Republic of the 26th inst. says:

The tugboat Douglas arrived here yesterday from Keokuk, Ia., on the way to Paducah, Ky. Parties living in Paducah have purchased the Douglas, and she will go south as soon as she can be overhauled and refurnished with boilers, which work will be done in St. Louis.

High Tension of Modern Life.

President Roosevelt in his inaugural address said that "modern life is complex and intense." "Strenuous" was his former definition, which he made so popular that it became a classic like Mr. Cleveland's "innocuous desuetude." Mr. Roosevelt is right. Modern business and social life are "both complex and intense" and under the strain of living one's muscles, ligaments and nerves may get keyed up to a degree of tension such that there is no unloading them in the brief time afforded for rest. People get so tired they can't sleep. How many people know so well this modern feeling of tension! Drugs give no respite from it, but since the tired body cries out in its stress for any artificial support, either stimulant or sedative, drug habits are easily formed at such periods, if once indulged persistently. There is but one treatment that will relax this high tension of modern life and that gives its patients prompt, adequate natural and whole some rest from the first treatment—Osteopathy. It is usually regarded as a sovereign cure for sleeplessness.

I should like to talk to you personally about osteopathy and what it is doing for suffering humanity.

A sane, rational treatment, it is appreciated more and more every day.

For private consultation, call phone 1407, Dr. G. B. Froagge, 516 Broadway.

Notices of Condemnation.

Notices have been placed in the hands of Fire Chief James Wood to serve on Mrs. T. H. Puryear and Mr. Jake Weil, for the condemnation of two store houses on Lower Broadway and Maiden alley, on the south side of the street.

These buildings are in bad shape and have been regularly condemned by the municipal boards. The notices will be served today and the buildings razed at once.

GRIP-IT: the cold-cure that does the work in 8 hours, and will not make you sick. Try it.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Colinus canadensis*, Prof. Wm. C. Felt's *Palmer's Epitomy of Medicine*, says of it:

"I not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up stairs. He, however, gradually recovered under the influence of Colinus, the medicinal principle extracted from Stone root, and is now attending to his business. Therefore physicians know of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully worried the afflicted that death was near at hand. Colinus unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

Dr. Pierce's Pills cure Constipation.

IN THE COURTS

Circuit Court.

Two judgments were filed in circuit court this morning, these comprising the only business of importance during the session.

Luna Baker was granted a judgment for divorce against Lloyd E. Baker.

Ellie W. Harper was granted a judgment of title to property in order that she may sell. Her husband, who is in an asylum, owned part of the property and she had to get the court's ratification of the act before she could sell.

Deeds Filed.

Cecil Reed, M. C., to Charles Burger, for \$650, property near Eighth and Ohio streets.

Mary B. Chesline to W. H. Jones, for \$94, property in the county.

Mary B. Chesline to W. H. Jones, for \$175, property in the county.

Henry Culp to J. M. Culp, for \$215, property in the county.

G. W. Scott and others to R. L. Harris, for \$350, property in the county.

Sneak Thieves At Work.

Pickpockets early today began to get in their work in Paducah, and there have been several robberies already reported.

Some fine quilts which had been hung on a clothes line at 1015 Jackson street, were stolen yesterday afternoon late.

A sneak broke into the News-Democrat office last night between 9 and 12 o'clock and untouched the cash drawer for \$5. Entrance was effected from the rear.

Some one last night broke the seal of a car of beer and stole a lot of the beverage. The car was in the I. C. yards and the special road policemen are working up the case.

Bankruptcy Court.

The first dividend in the bankruptcy matter of H. T. Hellig was declared yesterday. It is a ten percent distribution, but the mother, who claims \$16,000 against the bankruptcy, was excluded from any portion of it, exceptions having been filed to her claim. The total amount to be distributed will be about \$500.

A two per cent. distribution was ordered in the bankruptcy matter of the Paducah Wagon Works yesterday. It will amount to about \$203.

McKinney Fined.

James McKinney, of the Ragland neighborhood, was fined \$25 and costs by Justice John J. Bleich yesterday for obstructing the public road. McKinney is alleged to have built his fence on part of a public road and refused to move it. The case was taken under advisement last week. The fine is sufficiently heavy to justify an appeal if one is desired.

Mrs. J. W. Magnor, of West Trimble street, is expected home from Mint, Ky., after visiting her son, Mr. Will Magnor.

Driving in a Driving Rain

at one time might have been considered a very foolish thing to do, but if you wear a good raincoat and a "LITHON" Water-proofed Linen Collar you'll really enjoy it—even if your footman doesn't. Lithon Collars do the worst rain or snowstorm, if they get a bit moist, you can wash them off. No laundry for "LITHON" thank you. At office store of Dr. C. Collins, 25 cents. Collar, 50 cents.

COLE BROS' CIRCUS IS IN THE CITY

Gave Performance This Afternoon and Repeats Tonight.

Combination a Splendid One, With Many Fine Attractions, and Well Managed.

CLEAN TENTS, FINE COSTUMES

This is circus day, and the great Cole Brothers' circus combination is in the city. There is here also a host of people from outside of the city and the streets were thronged with these visitors during the parade hour this forenoon. Early this morning the show came and also did many of the visitors, though not a few beat the show to town. It is the usual happy circus crowd which has been visible all day and which this afternoon early began to move upon the tented fields of the Cole Bros.

The parade attracted attention because of its neatness and because of the perfect condition of the horses. Not in many seasons has a finer collection of horses been seen, the ring stock being especially attractive. Here the care and attention of the management was reflected in a way that indicated much for the remainder of the show. The parade was neat in other respects. The costumes were all new and were designed with the view of securing the best results along the line of march. There is not too much to become tiresome and there is just enough to keep the interest properly keyed up.

Fresh from triumphs abroad, the Cole Brothers have greatly augmented their shows in every department. This season their spread of canvas covers an area of about nine acres and when erected the big tent alone affords comfortable accommodations for 14,000 persons. Overcapping the three big rings, three elevated stages and vast hippodrome track is a veritable maze of trapeze riggings, bars, rings, ropes and apparatus upon which daintiest queens and kings of the air twice daily defy death in entertaining the thousands of patrons. Over 300 men, women, children and educated animals are employed in the presentation of the program. From the first to the last number act follows act in rapid succession and with precision and skill. Throughout the performances as many as 15 separate features are simultaneously presented on the ground or in the air and one is kept right busy in watching the myriad of wonders. An important department, free to all who attend the big show, is the triple menagerie, which are among the largest and most complete traveling zoos known. The mammoth tent in which these are exhibited is filled with rare and costly specimens of animal life from all quarters of the globe, captured and shipped from direct to these shows by Messrs. Cole's own special agents. A visit to the display will prove of far more interest and educational value than a tour of the best known zoological garden in this country or Europe.

This season Messrs. Cole have specially engaged one of the foremost bandmasters and concert bands now before the public. Prof. Tinney and his own company of carefully selected and finished musicians. The men are skilled instrumentalists who have been educated to a high degree of proficiency. Director Tinney is, furthermore, a past master of program making, catching the passing fancies of the people, mingling popular selections with classical music. For 45 minutes preceding the two performances, the band occupies the center stage in the "big top" from which it renders a high class concert.

The Cole show in all respects is a good one. The management is good and liberal and all the attractions in keeping with the advertised promises. This afternoon's patronage was delighted over the much to be seen and the varied presentations.

The feature act is the Peerless Pachaco family, who do an unrivaled acrobatic act, accomplishing unusual feats with a facility that is remarkable. The Onofroff family of bicyclists also make a great hit, especially with the young folks. The equestrian work of Mike Rooney and Joe Berris stands out conspicuously. Both are good riders and both understand the full possibilities of a horse. Lillian Shaffer and LaPlata also won applause for clever riding. The Rochetta brothers, barrel jumpers, and the trained animal acts also came in for a large share of the applause.

The performance opens with the Seven Delaniends presents the work of art of both ancient and modern sculptors, and concludes with hippodrome which has been universally accepted as the closing feature of all legitimate circus performances. The program like the tents themselves and the costumes, is both clean and attractive. The interest is continually sustained.

Tonight's attendance, weather permitting, will be a large one no doubt, as it should be.

It was reported that Mr. James Lane, of the B. Weille & Son establishment, had resigned his position, but this was an error. Mr. Lane has only gone to the country to visit, and is at the firm.

FREE GARDEN SEEDS.

Party-Line Division on the Question Seems Probable.

Washington D. C., April 27.—A party line division on the question of free garden seeds seems probable when the agricultural bill is reached. By sections the amendment to re-instate the free seed clause is offered. This will probably take place tomorrow. If the house divides on party lines the distribution of seeds will, of course, be at an end. When the amendment is offered Mr. Foster, chairman of the committee of the whole, will rule it out on a point of order and an appeal from that ruling will result in a test vote. The republicans have made the abolition of free seeds a party measure, and at this session there has been little difficulty in putting a party measure through the house. The only chance for the continuation of the "Farmers' Gift" is that republicans from close country districts may fear to fall in line against it.

GARBAGE DUMP MOVED.

Board of Health Had Its Mooring Place Changed.

The city garbage dump, which has been moored in the rear of Riverside hospital, was today removed.

The health authorities and the hospital authorities complained of the location of the dump, and the police were instructed to see that the dump was moored lower down the river. It will be ultimately taken to a point below the incline, where a right of way has been bought by the city in the Dogwood mill property running to the river from North Sixth street.

DEATH IN THE COUNTY.

Mrs. Bettie Dilworth, of Near Grahamville, Passes Away.

Mrs. Bettie Dilworth, age 66, died at her home in Grahamville, Ky., this morning of a gripe, after an illness of one week. The deceased was born in Virginia and had lived in this county about 29 years. She was widow and leaves three sons and three daughters. The funeral will be conducted from the residence tomorrow, interment at Bethel cemetery near Woodville.

The deceased was a member of the Baptist church and the services will be conducted by a Baptist minister.

A Venerable Kentuckian Dead.

Bowling Green, Ky., April 27.—David Potter, of this city, died at his daughter's home, near this place, this morning. He was in his ninety-fifth year and was one of thirteen children, only two of whom survive. The funeral will take place tomorrow morning. Mr. Potter was one of the best known citizens of the community. The Hon. J. Marion Robertson, of this city, representative in the late legislature, is one of his grandchildren.

this opportunity at

Exclusive Ready-
to-Wear **Levy's** to-Wear
317 Broadway PADUCAH 317 Broadway

LOCAL LINES.

—For Dr. Pendley ring 416.
—Fresh tube roses and caladium bulbs at Brunson's.

—B. T. M. Pemberton, of McLeansboro, Ill., who with two local capitalists has incorporated to manufacture a patent churn, is in the city looking after a site for locating his factory. The manufactory will be a small one at the start, but the churn is a good one, and a money-maker when once put on the market.

—Dr. J. V. Voris, dentist, 200 Fraternity building.
—A move has been set afoot by local horsemen to build another straight race course similar to the "speedway" which was so popular several years ago. They propose to build it on the road leading from Wallace park baseball grounds to Oak Grove cemetery. No definite arrangements have been completed yet however.

—Lee Ling steamers, office 111 Broadway, Phone 1766-r. G. F. Phillips, agent.
—The circus coming to town today necessitated the postponement of "Children's Hour" at the Carnegie library, a weekly event which has proven attractive and interesting to the little ones. Miss Alice Compton will conduct the hour next Friday afternoon.

—People who have patronized transfer companies elsewhere will bear us out in the statement, that our service is second to none and prices lower for like service, than in any city. Let us serve you. Palmer Transfer Co.

—Members of the Carnegie library board will ask the Southern Bell lithic company, which has street contracts here, to make a price on crushed stone. The library board desires to put in crushed stone in lieu of gravel in making the driveway between the Grace church and the library building.

—Get roach exterminator at Kamleiter's. Will clean 'em out or your money back.
—The weekly shoot of the Paducah Gun club was postponed from yesterday on account of the Odd Fellow celebrations.

—Dr. Gilbert, Osteopath, 400 1-2 Broadway. Phone 196.
—The repetition of the "Eagles" minstrels at the Kentucky last night did not fare much better than the first performance as far as financial matters and attendance is concerned. The show was better, however, having more features. Among the new features was an exhibition of an educated horse and selections by Mr. Joe Mangus (Blind Joe) the violinist.

—Globe Wernicke filling cases and all supplies that go with card index system and a complete line of other office supplies at R. D. Clements & Co.
—Representative L. P. Head has returned from Hopkinsville where he had gone to organize a lodge of Eagles. He secured a large number of applicants and will return May 1.

—The Junior Warden Missionary society will meet tomorrow afternoon at 4 o'clock with Miss Mary Starr, of the Sans Souci flats.
—"Snake" Wade and Walter Williams, colored, were arrested this afternoon for engaging in a fight.

A GUARDIAN GOES AFTER DOWIE AND ZION CITY.

Proceedings in Bankruptcy Sure to Disrupt the Prophet's Town.

Chicago, Ill., April 26.—Involuntary bankruptcy proceedings were started yesterday against John Alexander Dowie individually before Judge K. M. Landis. Ransom F. Walker is one of the petitioning creditors. He is guardian of the estate of Ethel B. Foley, a minor and conservator of William T. Foley. The claim involves \$7,000.

The petition alleges that March 3, Dowie transferred property valued at \$1,200 to Margaret H. Fielder and that January 10 other property was transferred to James H. Hirsch, thus showing a preference to these creditors over others which is alleged to be a violation of the bankruptcy law.

Dowie's liabilities are not actually known at this time. His assets are said to be about \$2,500,000. This action threatens to disrupt Zion City and the contest promises to be one of the most hotly contested in the history of bankruptcy proceedings.

The property of Zion City is valued at \$20,000,000.

An old gentleman was stamping about the street, in rage and excitement, vainly endeavoring to unite a battered tin pail from a yelping dog's tail, when a bystander offered his sympathy.

"Mischievous boys, sir?"
"Yes, dern their hides! I'll have 'em arrested for this. They chased this dog five miles with the pail tied to his tail."

"Your dog, sir?"
"No, blank-blankit. But the pail is mine."—George Frederick Wilson.

Names One Mine Inspector.
Frankfort, Ky., April 27.—Gov. Beckham has appointed A. J. Doss, of Central City, to one of the two assistant mine inspectors created by the last assembly. The place pays \$1200 annually.

Suit in Quarterly Court.

Attorneys Taylor & Lucas filed a suit in quarterly court this morning for William Watts against Mrs. M. Metzger, for a total of \$92.50. The suit is to recover \$115.50 in rent, \$80, the value of a barn which was burned, and \$1 for screens. The suit alleges that the barn was burned through carelessness of the defendant.

Is On Trial This Afternoon.

The case against Will Thomas, the Mayfield policeman who Sunday morning shot and killed Henry Cooley at Mayfield, is being tried this afternoon at Mayfield. The case was called this morning in County Judge Ed Crossland's court, but on account of the absence of Attorney J. E. Robins, for the defendant, the case was held over until this afternoon.

Berlin, April 27.—The soldiers of two regiments engaged in a pitched battle at Weissenburg today. The fight is the outgrowth of a bitter rivalry between the regiments for some time. Several soldiers were killed and many injured.

Yesterday's Warmth.

Yesterday was the warmest day of the season so far the maximum temperature reaching 94 degrees above zero in the early afternoon. The minimum yesterday was 66 early in the morning.

Cynthia, of this city, are visiting friends in Marshall county.

Mrs. F. M. McGlathery, who has been quite sick, is improving.

How to Take Care of Your Heating Stoves

Let us take them down for you and store them in our warehouse, dry and clean, and put them up again in the fall, when you are ready for them. We do this at a very small cost, and it is a great saving to you. For further particulars call at store or telephone us.

YESTERDAY'S INTERSTATE ODD FELLOW CELEBRATION A SUCCESS.

Evening Events of Interest to Visitors—Officers Chosen and Place of Next Meeting Selected.

The twentieth anniversary of the Interstate Association I. O. O. F. celebrated here yesterday proved a success in every particular.

The committees appointed to arrange for receiving and entertaining the visitors did excellent work, and much praise was heard from guests for the local lodges.

Following the parade and speaking at the Kentucky, the band contest was held.

The Band Contest.

The band contest was held at Fifth and Kentucky avenue, in the Longfellow school yard where a platform had been erected. There were but two bands entered the Metropolis and Mound City, Ill. bands.

First money was won by the Metropolis and second by the Mound City band. The monies were \$50 and \$25.

The judges were Prof. Wm. Deal, H. Miller Cunningham and Bert King. The decision was reached by points, the Metropolis band outpointing the Mound City, 31 to 20 points. The Paducah band by agreement did not participate in the contest.

Election of Officers.

The election of officers and selection of a place of meeting for next year was held at the Fraternity building following the musical contest. The next meeting was captured by Metropolis Ill., for April 26th, 1917.

The officers elected are: President Peter Bechenbach, of Paducah.

First Vice President—A. J. Gibson, of Metropolis.

Second Vice President—Lisle Murphy, of Mound City.

Secretary—Eugene Lafont, of Metropolis.

Treasurer—W. M. Armstrong, of Metropolis.

Degree Work.

The program called for degree work by the subordinate degree team of Carbondale, but on account of the absence of Carbondale lodges this matter fell flat. The degree work was performed, however, by the Ingleside Rebekah degree staff No. 17 at the Red Men's hall. There were no prize contests in the degree work.

Prizes Awarded.

Two prizes were awarded visiting lodges for the biggest attendance in line. The first prize was captured by the Metropolis Rebekah lodge and the second by the Mound City subordinate lodge. These prizes went to lodges having the greatest number in line during the parade.

The Fraternal Ball.

The celebration came to a close with a big fraternal ball at the Palmer. There were many tickets sold and the dining room was packed with dancers until early this morning. It proved a very enjoyable social feature and was attended by many visiting lodges and Rebekahs.

A Young Mother At 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Great restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood and cures Malaria, Biliousness and Weakness. Wonderful Nerve Tonic. Price 50c. Guaranteed by McPherson's Drug Store.

Blood Poisoning.

results from chronic constipation, which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuse new life and vigor; cure sour stomach, nausea, headache, dizziness and colic, without griping or discomfort. 25c. Guaranteed by McPherson's Drug Store.

The Texas Wonder

Cures all kidney, bladder and rheumatic troubles; sold by J. H. Oehl schlaeger, 601 Broadway, Dr. E. W. Hall, office 2926 Olive St. St. Louis Mo.

Danger from the Plague.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs, and Colds. Mrs. Geo. Wadsworth of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures La Grippe gives wonderful relief in Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds. 50c and \$1.00. Guaranteed by McPherson's Drug Store. Trial bottle free."

CITY TAX SALE.

Dangers of Defective Plumbing.

Defective plumbing permits the entrance into the house of sewer gas bearing germs of contagious diseases to which the human system readily succumbs.

Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures.

If in doubt, consult us regarding the piping and replacing defective fixtures with "Standard" Porcelain Enamelled Ware—acknowledged as the best sanitary equipment.

THE SPENDERS

A TALE OF THE THIRD GENERATION

By HARRY LEON WILSON

Copyrights by Lothrop Publishing Company.

In an evening paper he had read of Percival's losses. The afternoon press of New York is not apt to understate the facts of a given case. The account Mauburn read stated that the young western millionaire had beggared his family.

Mauburn had gone to his room to be alone with this bitter news. He had begun to face it when Psyche's note of release came. While he was adjusting this development, another knock came on his door. It was the same maid who had brought Psyche's note. This time she brought what he saw to be a cablegram.

"Excuse me, Mr. Mauburn—now this came early to-day, and you wasn't in your room, and when you came in Mrs. Ferguson forgot it till just now."

He tore open the envelope and read: "Male twins born to Lady Casselthorpe. Mother and sons doing finely."

Mauburn felt the rock foundations of Manhattan Island to be crumbling to dust. For an hour he sat staring at the message. He did not talk to himself once.

Then he hurriedly dressed, took the note and the cablegram, and sought Mrs. Drelmer.

He found that capable lady gowned for the opera. She received his bits of news with the aplomb of a resourceful commander.

"Now, don't go seedy all at once—you've a chance."

"Hang it all, Mrs. Drelmer, I've not life left worth living."

"Tut, tut! Death isn't, either!"

"But we'd have been so nicely set up, even without the title, and now Bines, the clumsy ass, has come this infernal cropper, and knocked everything on the head. I say, you know, it's beastly!"

"Hush, and let me think!"

He paced the floor while his matrimonial adviser tapped a white kidded foot on the floor, and appeared to read plans of new battle in a mother-of-pearl paper-knife which she held between the tips of her fingers.

"I have it—and we'll do it quickly!—Mrs. Wybert!"

Mauburn's eyes opened widely.

"That absurd old Peter Bines has spoken to me of her three times lately. She's made a lot more money than she had in this same copper deal, and she'd a lot to begin with. I wondered why he spoke so enthusiastically of her, and I don't see now, but—"

"Well?"

"She'll take you, and you'll be as well set up as you were before. Listen. I met her last week at the Critchleys. She spoke of having seen you. I could see she was dead set to make a good marriage. You know she wanted to marry Fred Milbrey, but Horace and his mother wouldn't hear of it after Avie became engaged to Rulon Sneppler. I'm in the Critchleys' box to-night and I understand she's to be there. Leave it to me. Now it's after nine, so run along."

"But, Mrs. Drelmer, there's that poor girl—she cares for me, and I like her immensely, you know—truly I do—and she's a tramp—see where she says here she couldn't possibly leave her people now they've come down—even if matters were not otherwise impossible."

"Well, you see they're not only otherwise impossible, but every wise impossible. What could you do? Go to Montana with them and learn to be an Indian? Don't, for heaven's sake, sentimentalize! Go home and sleep like a rational creature. Come in by 11 to-morrow. Even without the title you'll be a splendid match for Mrs. Wybert, and she must have a tidy lot of millions after this deal."

Sorely distressed, he walked back to his lodgings in Thirty-second street. Wild, Quixotic notions of sacrifice flooded his mood of dejection. If the worst came, he could go west with the family and learn how to do something.

And yet—Mrs. Wybert. Of course it must be that. The other idea was absurd—too wild for serious consideration. He was 30 years old, and there was only one way for an English gentleman live—even if it must break the heart of a poor girl who had loved him devotedly, and for whom he had felt a steady and genuine affection. He passed a troubled night.

Down at the hotel of Peter Bines was an intimation from Mrs. Wybert herself, bearing upon this same fortuity. When Uncle Peter reached there at two a. m., he found in his box a small scented envelope which he opened with wonder.

Two inclosures fell out. One was a clipping from an evening paper, announcing the birth of twin sons to Lord Casselthorpe. The other was the card he had left with Mrs. Wybert on the day of his call; his name on one side, announcing him; on the other the words he had written:

"Sell Consolidated Copper all you can until it goes down to 65. Do this up to the limit of your capital, and I will make good anything you lose."

"PETER BINES."

He read the note:

"Arllingham Hotel—7.30."

"Dear Sir: You funny old man, you! I don't pretend to understand your game, but you may rely on my secrecy. I am more grateful to you than words can utter—and I will always be glad to do anything for you. Yours very truly,

"BLANCHE CATHERTON WYBERT."

"P. S.—About that other matter—him you know—you will see from this notice I cut from the paper that the party won't get any title at all now, so a dead swell New York man is in every way more eligible. In fact the other party is not to be thought of for one moment, as I am positive you would agree with me."

He tore the note and the card to shreds.

"It does beat all," he complained later to Billy Brue. "Put a beggar on horseback and they begin right away to fuss around because the horse ain't set with diamonds—give 'em a little, and they want the whole ball of wax!"

"That's right," said Billy Brue, with the quick sympathy of the experienced. "That guy that doped me, he wasn't satisfied with my good \$30 wad. Not by no means! He had to go take my breastpin nugget from the Early Bird."

At 11 o'clock the next morning Mauburn waited in Mrs. Drelmer's drawing-room for the news she might have.

When that competent person sailed in, he saw temporary defeat written on her brow. His heart sank to its low level of the night before.

"Well, I saw the creature," she began, "and it required no time at all to reach a very definite understanding with her. I had feared it might be rather a delicate matter, talking to her at once, you know—and we needed to hurry—but she's a woman one can talk to. She's made heaps of money, and the poor thing is society-mad—so afraid the modish world won't take her at her true value—but she talked very frankly about marriage—really she's cool-headed for all the fire she seems to have—and the short of it is that she's determined to marry some one of the smart men here in New York. The creature's fascinated by the very idea."

"Did you mention me?"

"You may be sure I did, but she'd read the papers, and, like so many of these people, she has no use at all for an Englishman without a title. Of course I couldn't be too definite with her, but she understood perfectly, and she let me see she wouldn't hear of it at all. So she's off the list. But don't give up. Now, there's—"

But Mauburn was determinedly downcast.

"It's uncommon handsome of you, Mrs. Drelmer, really, but we'll have to leave off that, you know. If a chap isn't heir to a peerage or a city fortune there's no getting on that way."

"Why, the man is actually discouraged. Now you need some American pluck, old chap. An American of your age wouldn't give up."

"But, hang it all! An American knows how to do things, you know, and like as not he'd nothing to begin with, by Jove! Now I'd a lot to begin with, and here's it's all taken away."

"Look at young Bines. He's had a lot taken away, but I'll wager he makes it all back again and more, too, before he's 40."

"He might in this country; he'd never do it at home, you know."

"This country is for you as much as for him. Now, there's Augusta Hartong—those mixed-pickle millionaires, you know. I was chatting with Augusta's mother only the other day, and if I'd only suspected this—"

"Awfully kind of you, Mrs. Drelmer, but it's no use. I'm fairly played out, I shall go to see Miss Bines, and have a chat with her people, you know."

"Now, for heaven's sake, don't make a silly of yourself, whatever you do! Mind, the girl released you of her own accord!"

"Awfully obliged. I'll think about it jolly well, first. See you soon. Good-by!" And Mauburn was off.

He was reproaching himself. "That poor girl has been eating her heart out for a word of love from me. I'm a brute!"

(To be Continued.)

The world's wisdom boiled down wouldn't fill a capsule. Consistency is the fence of little minds.

Prevent Headache

We want you to know that Dr. Miles' Anti-Pain Pills prevent as well as relieve headache, and that they leave no bad after-effects. We assure you that if taken when you first discover indications of an attack, they will drive it away, and thus not only save you the misery and distress, but the weakening influence of pain upon your system. Used in this way the attacks become less frequent, and eventually entirely disappear. They relieve pain by strengthening the nerves and overcoming the turbulent, excited condition, which is the cause of pain.

"We used Dr. Miles' Anti-Pain Pills in our family for five years, and I would not like to do without them. Before I found this remedy I would have spells of sick headache so severe that I would be prostrated for as many as 48 hours at a time. The Anti-Pain Pills stop the pain in a few minutes. I have a great deal of neuralgia around the heart, and the Pain Pills also relieve that. I now take them when I think I will have an attack, and they stop it right then. I also notice that I do not have these spells nearly so frequently as formerly."

MRS. ROSA A. CURRIER, Kalamazoo, Mich.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

INSURANCE RATES

ARE NOT RAISED YET

Fire Companies Have Not Been Able to Reach an Agreement on Idea.

New York, April 27.—The Herald says:

There was no decision yesterday regarding the raising of fire insurance rates throughout the country to meet losses incurred in the San Francisco disaster.

At a meeting of fire insurance agents the deadlock which occurred the day before could not be broken. At this meeting a committee was appointed to take the matter in hand and try to bring about an agreement. This committee will, if it can, agree on the general proposition involving the advisability of an increase of rate.

Opinions differ among the various companies as to the necessity of the proposed increase, some of the big companies insisting that it would injure business if such a policy were adopted, while many of the smaller underwriting concerns declare it will be their only salvation in the present crisis.

The Herald says that some companies object to payments where the losses were primarily due to the earthquake.

HEALTH IS YOUTH.

Disease and Sickness Bring Old Age.

Herbline, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever skin, liver and kidney complaints. It purifies the blood and clears the complexion.

Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbline and find it the best medicine for constipation and liver troubles. It does all you claim for it."

I can highly recommend it. 50c.

NEW TIME CARD

ON THE CAIRO-PADUCAH LINE IS OFFICIALLY ANNOUNCED.

Tinners and Pipe Fitters in Shops to Ask for New Scale of Wages.

The official bulletin, announcing the change of time of the Paducah-Cairo accommodation passenger run was posted last night. The train now leaves Paducah at 7 o'clock and reaches Cairo too late to connect with No. 8, the fast Chicago express. The train will, beginning Sunday, the 29th, leave at 6:15 and arrive in time to make the connections at Cairo Junction.

Will Present a Scale.

The tinners and pipe fitters of the local I. C. will send a committee to Chicago next month, the date to be decided later, to present a scale for the next year dating from June 1.

Last month a temporary scale was signed with these two trades unions by the road officials, but the unions desire a new one, with several changes. No changes of great importance are contemplated however.

Messrs. J. R. Vickrey, of the tinners, and A. E. Johnson, of the pipe fitters, have been selected to go to Chicago as the committee.

Sent to Freeport.

Baggageman J. J. Bryant, of the Paducah and Centralia run, St. Louis division I. C. road, has been transferred from Paducah to Freeport, Ill., and has been succeeded here by W. P. Hanner. Hanner made his initial run yesterday.

A Badly Burned Girl.

Or boy man or woman, is quickly out of pain if Bucklen's Arnica Salve is applied promptly. G. J. Welch, of Tekonsha, Mich., says: "I use it in my family for cuts, sores and all skin injuries, and find it perfect." Quickest Pile cure known. Best healing salve made, 25c at McPherson's Drug Store.

SAMPLE LETTER

RECEIVED BY PADUCAH LADY FROM FRIEND IN FRISCO'S QUAKE.

Mrs. Chas. Beauchamp Sends Mrs. George Langstaff Interesting Relic of Horror.

Mrs. George Langstaff received a communication this morning from Mrs. Charles Beauchamp, who is living in San Francisco, that is a very interesting relic of a thrilling incident in the country's history, and shows the straits of the people of the stricken city.

The letter is very brief, and is written on a piece of straw board about six by four inches. It was written Sunday and received here this morning. It bore no stamp, as there are no stamps in San Francisco and all mail matter is being accepted free of postage.

Mr. and Mrs. Beauchamp are whilom Paducahans. Mrs. Beauchamp was Miss Kate Thomas, and her sister, Miss Annie Thomas Beauchamp, married Mr. John Quigley, who was a brother of Mrs. Langstaff.

Mr. Beauchamp is connected with the Hammond Packing company branch in Frisco, and they have resided in San Francisco for several years. Mrs. Langstaff has been very uneasy about them, and was very much relieved to get the following message from Mrs. Beauchamp today.

"Military Post Presidio, San Francisco, Cal.

"Dear Sister Ina:

"Shaken and burned out of house and home and guests of Uncle Sam. He is taking good care of us.

"Lovingly,

"KATE BEAUCHAMP."

Letters written on all sorts of makeshifts are coming out from San Francisco, some of them written on wrapping paper, some on box tops, shingles, pieces of wood, and anything that was found at hand. Some tell sad stories, while others are messengers bringing great relief.

FORTUNATE CATCH

CAROL MALONE NARROWLY MISSES A SEVERE FALL.

Fell Into Elevator Shaft, But Caught a Window Sill, and Held On Until Rescued.

Carol Malone, age 50 years, night watchman, at the Alden Knitting Mills plant, at Eighth and Jones streets, had a narrow escape this morning from serious injury if not death and was saved only after passing 155 minutes of the keenest agony. Malone hung for the time mentioned on a window sill, unable to pull himself up to safety, and liable at any time to be compelled from sheer exhaustion to let go his hold and fall to the bottom of an elevator shaft over 20 feet in distance.

Malone was making his rounds at daybreak this morning. He was on the second floor of the mill plant and noticed a window by the elevator shaft open. The weather looked threatening and he decided to close the window.

The elevator is generally left on the second floor, but this time it happened to be at the top of the shaft. It was dark in the building and Malone did not notice it. He stepped into the open shaft and shot down with great force.

His hands, which he had forced out in frantic haste, clutched on the window sill and his fall was stayed. He tried vainly to pull himself up but failed. His strength was fast failing and his shouts became fainter and fainter. He was just about to give up when assistance arrived.

Mr. L. A. Wilkes, a machinist employed at the I. C. resides at Ninth and Jones streets. He had been awakened by the faint shouts and dressing hastily investigated. He found Malone hanging from the window and was forced to secure help, climb to the boiler shed and pull the unfortunate watchman up through the window.

Malone was pretty well fagged out when rescued and passed 15 minutes of the keenest agony in his life he declared, while suspended from the window.

Is Bearing Fruit.

License Inspector George Lehnhard had up until this morning at 11 o'clock collected 75 dog licenses and taken up about that number of untaxed dogs. The dog catchers are out working hard and all names of owners of untaxed dogs are taken. Two wagon loads of dogs were secured yesterday. Up until the real crusade started only about half a dozen dog licenses had been taken out. The work is fast bearing fruit.

TEST EXAMINATIONS

IN THE PUBLIC SCHOOLS WILL BEGIN MAY 7.

The Work Causes Interest Among the Scholars and Promises to Prove Gratifying.

Monday, May 7, the regular test examinations in the Paducah public schools will begin, and preparations are being made by teachers and pupils for the closing of school.

The pupils are graded partly by the percent made for the two terms' work, and by the showing made in the test work. The examinations will begin the first Monday in the next month and will last until school is ready to close.

There is a great deal of flurry and excitement manifested among the pupils, as is always the case just before the close of school, and the keenest interest is being taken in the work.

The work for this year so far will show a great improvement both in teaching and in the result of the teaching.

Miss Frances Herndon gave a delightful reading to the High school this morning. Miss Aline Bagby will give a reading next week.

The Debating club will meet tonight and the subject is one of importance, appealing directly to the school work. The subject is "Resolved that Phonetic Spelling should be adopted universally."

The affirmative will be handled by William Rock and Robert Mitchell, and the negative by Frank Luftenberg and Thomas Woodridge.

There will be an essay by Mr. Edward Mitchell read, and another feature of the meeting will be an impromptu speech by Brent Janes.

The Paducah High school baseball team, battery, Bagby and Cope, will go to Metropolis tomorrow to play the Metropolis High school team. The trip will be made on the Cowling and several teachers will accompany the team down.

Will Complete Arrangements.

Tonight the Paducah Carnival Association will hold the last meeting prior to opening of the carnival, and all arrangements for the opening of the festivities will be completed.

The arch will be ready and the fence built Monday and no delays will be experienced in the matter of throwing open the grounds on Monday night.

The Daughters of the Confederacy will have charge of the country store.

MUST SLOW DOWN

POLICE WILL CHECK SPEED OF THE AUTO DRIVERS.

Strict Orders Given to the Police to See That the Law Is Obeyed.

Automobilists will have to "go slow" in Paducah or the incidental expenses of this pleasure machine will amount to a great deal more than the machinists' bills.

The board of fire and police commissioners has notified Chief of Police James Collins to see that the ordinance regulating the speed of these machines be rigidly enforced, and that the speed not exceed eight miles an hour within the city limits. This is the result of narrow escapes from several accidents. The commissioners furthermore say they expect to enforce all ordinances and not let them lie on record inactive.

"We instructed the chief of police to see that everyone violating the ordinance by running machines in excess of the eight-hour limit is arrested and tried," Commissioner Bonds stated this morning, "and we intend to see that the law is enforced. Automobile drivers have been running machines in the city limits 10 miles an hour, and before anyone is injured we want the matter stopped."

RELIEF SHIP HAS TERRIBLE PASSAGE.

Runs Into a Kind of "Tidal Wave" and Narrowly Escapes Destruction.

San Francisco, April 27.—The steamer Buckman, of the Alaska line, in command of Capt. E. B. Wood, arrived here late last night with volunteer physicians, Red Cross nurses and a cargo of 2,200 tons of supplies for the homeless people of this city. The vessel encountered a terrific sea yesterday off Cape Blanco, which crew and passengers believe was caused by subterranean eruption, and which for a time threatened to engulf the staunch ship on its errand of mercy.

Off to the west passengers and crew saw a great wall, like a huge tidal wave of seething, boiling water, running mountain high, which approached at great speed. It struck the ship with terrific force, smashing two of the boats. Tons of water rolled over the decks of the steamer, which threatened every moment to founder. Captain Wood, his first officer and the chief engineer were swept from their feet. It was little short of a miracle that they were not washed overboard. The wall of the water had all the appearance of a huge tidal wave, and the seas continued rushing high until late in the afternoon. Capt. Wood and passengers are of the opinion that it was caused by some disturbance under the sea.

TWO PROPOSITIONS

TO BE MADE BY MINERS TO THE OPERATORS TODAY.

Want An Increase in Wages But Will Eliminate Other Objections.

Shamokin, Pa., April 27.—The miners of this region are satisfied with the scale committee's work yesterday and think the operators will grant the increased wages asked thus avoiding strike. The anthracite miners meet today at Scranton to act upon a reply expected from the operators and on the proposition submitted to President Baer.

Mitchell last night made public two propositions together with a request for another joint conference submitted by the miners' scale committee to Baer and his associates.

The first proposition asks for an increase of wages ranging from five to fifteen per cent, according to wages now received.

The second asks for advance equal to ten cents per ton upon the total production of coal to be added to the wages of the employees and appropriated in such proportion as may be agreed upon.

In a letter accompanying their propositions the miners' committee say that in formulating these propositions they have eliminated every feature of the former proposals to which the operators objected, except that of wages, and in the matter of wages have kept in mind the operators' statement that to grant the original demand would result in advancing the cost to the consumer of domestic coal \$1.20 per ton. The committee say:

"As indicated in the two propositions submitted herein, we propose resumption of work upon a basis that would increase the cost of all coal products by an amount not in excess of ten cents a ton, and as between 60 to 70 per cent of all coal produced is sold as prepared sizes the increase in labor cost of domestic coal would not exceed 16 cents a ton.

"Destiny is a cranky old maid; the only way to manage her is with a bluff.

The Habit of a Gentleman

Dress ten men in the average ready-made suits and they will all look alike. Dress them again in Atterbury suits and each will betray marked individuality. The reason for this is that Atterbury clothes are hand-made, and nothing short of this method will give to men's wear the harmony which determines the ideal from the commonplace.

Atterbury System Label on every garment
